VM03293	<b>running boards</b> Aluminum, stainless steel edge, with plastic treads and exact fit, load capacity per side 200 kg. No drilling or welding is required for assembly. The scope of delivery includes a set of running boards for the right and left, material for assembly, assembly instructions in German and an ABE certificate. No additional parts approval or entry in the vehicle documents within the EU is required. The assembly time is approx. one hour. Installation instructions: Side bars and running boards are installed at the existing points on the vehicle. Work is also required underneath the vehicle. Therefore, a platform is required for assembly. Depending on the vehicle manufacturer, model and design, measures may be required on the vehicle. This may include small cutouts on plastic parts in non-visible areas. These footboards are not currently compatible with hybrid models. since MY 2009	EUR 349,00
VMRBP203	<b>Rear Bumper Paint Protector</b> Bumper protection made of high quality ABS plastic, black, CNC milled for a perfect fit, attachment with double-sided adhesive tape from 3M. The original RGM loading sill protection can be fitted quickly and easily. Easy-to-understand telegram-style assembly instructions are included with the delivery. NOTE: For vehicles since 06/2006	EUR 67,75

All prices in EUR including VAT. Delivery is ex works, excluding shipping costs. Errors, omissions and intermediate sale without notice.

For all goods and services shall apply our currently valid general terms and conditions.
